N	Name	Moves	Pokedex	Locale
1	Frolifawn		Frolifawn are very affectionate Pokemon, and easily grow attatched to their trainers. They seek refuge in the under brush when in danger.	Event
2	Deerfae		It's very friendly and helpful. It's known to help those who are lost in the woods.	
3	Faunazon		Faunazon live in groups in the forest. They are compelled to take of smaller Pokemon, lost people and the forests they call home.	
4	Rabburn		Rabburn burry their food underground for later. This puts them at odds with Nuiscrat who usually finds it.	Event
5	Rabburst		Rabbursts belly is full of flammable chemeicals that allow it to create fire balls out of the plants it eats.	
6	Banbbit		It's very crafty and careless. It loves playing pranks on others with it's explosive carrots.	
7	Snailimp		The shell of Snailimp are very sturdy. But it's real body very soft. It almost feels like water.	Event
8	Wollusk		It's body has become more sturdy, it can now deliver boulder shattering blows!	
9	Conchampion		It uses the water in it's body to increase it's muscle mass. Winners of brawls keep the losers shells as trophies.	
10	Chupupi		Despite it's small size, it has a ferocious temper. But many think it's because of it's insecurity about it's small size.	
11	Doggrunt		Doggrunt deeply cares for it's fine fur. It delivers a painful bite if anyone touches it.	
12	Bruperro		Bruperro have become unforgiving since it lost it's fur. It rarely listend to it's trainer.	
13	Skwyrm		It makes a special mask out of the leaves it eats. These masks are used to scare away predators.	
14	Dracocoon		It's soft body is covered by a hard scale-like leaf. It hangs from trees and cave ceilings.	
15	Wyrmox		It lives dark areas. It's able to make it's body glow brilliantly at night. It was feared in the past as a powerful dragon.	
16	Nuiscrat		Nuiscrat are not native to the region. But even in their home region they cause trouble.	
17	Hoolirat		It flahses it's red patch of fur at rival groups as a sign of aggression. It cares deeply about it's allies.	
18	Fowmini		Fowmini are not great fliers, so it tends to hop around. When in a pinch it can scurry away in a flash.	
19	Quailash		It can run swiftly in straight line. If it breaks in concentration, it can fluster and even trip over itself.	
20	Velocirunner		It can run at the speed of sound, so it rarely needs to fly. It can slice foes with it's sharp feathers.	
21	Hotspine		It can warm it's bushy fur to keep attackers at bay. People have used these Pokemon as warmers.	
22	Heatspike		Heatspike jettisons hot fur at attackers as a last ditch effort. It's first instinct is to burrow underground.	
23	Searodart		They're spines are filled with a toxic liquid. They shoot these hot spines at any potential attacker.	
24	Wiseursa		It can use it's sticks to create hypnotic rhythms, They live tribes with Barbearian.	
25	Barbearian		Barbearians are cruel hunters. It will often torture prey before delivering a final blow. They live in tribes with Wiseursa.	
26	Nanopod		It flashes blips of light to communicate with one another. Though these messeges have yet to be decoded. They are more powerful when working together.	
F	Nanopod (Battle Form		When fully enraged, it's near impossible to stop. Some think it has the power to take over the world.	
27	Cephyll		It swings from the branches of tall trees during the day. At night it plants it's roots into the ground to conserve energy.	
28	Gigantree		Gigantree are known as gentle giants. It spends the day bathing in sunlight. But when angered it will capture opponents in it's tentacles and then drain their energy.	
29	Scuffian		Scuffian train amongst each each to hone it's skills. It likes to pin down smaller opponents before executing a final blow.	
30	Maroopion		It fights with a furry of slashes and grapples before finishing off opponents with a huge dose of venom.	
31	Hodagger		Hodagger rarely engage in fighting. Flashing it's sharp horns is enough to deter any foe.	
32	Horrordon		It's a rare sight in the wild. Those who have seen it, don't have a chance to detail it.	
33	Deprella		Deprella are very skittish and shy. It does not like to be seen without a covering. Legend says if it cries hard enough, it starts to rain.	
34	Kitheif		Kithieff only forage for food at night. If desperate enough they will raid human houses and trash cans.	
35	Arathief M		Arathief have a knack for thieving and trickery. It's even able to use small illusions to steal things right in front of peoples faces.	
35	Arathief F		It can use it's feminine charm to steal the things it wants. But it works best with it's male counterpart.	
36	Pelifrei		It's red core is a floatation sac. It uses one because it's not a good swimmer.	
37	Seafly		It rides the strongest currents to get across the ocean. Some are even known to soar above the oceans surface for a short period of time.	
38	Seremoth		Seremoth can whip up powerful whirlpools by beating it's fins. It dazzles prey by spreading it's fins wide and flashing multiple colors.	
40	Noxout		They live together in scrap yards letting out low frequency sounds that can be very nauseating.	
41	Blaremore		They are able to survive in most environments. It can let out giant foul smelling belches that can be heard miles away.	
42	Bikashoto		It can use it's cheecks as spotlights. It's even more popular than Piakchu in Wescos, so it shows up in a lot movies.	
43	Meowth		Meowths fur has become sharp to fight of opponents. It's tail is used to store moisture in the desert heat.	
44	Bobdakit		It was once used to guard the towns of early settlers. But once they realized how inefficent it was at this job, the practice was quickly retired.	
45	Snostot		Snostot fur is very thick. It's used by northern settlers has fluffy coats. It's fur grows back very quickly however.	
46	Shaggbul		It engages in fights with one another. In these fights it may lose some of it's fur. But it's neccassary to keep it's coat from overgrowing.	
47	Tundrox		Tundrox bashes it's frozen head against each other for sport. The ice on it's head can't be chipped or cracked.	
48	Fairby		It crawls on the floor of caves. It lets out cries similar to human children to draw in passerbys.	
49	Femifiend		Femifiend prefer to live alone, in cave chambers to itself. It sings alot, which draws in wanderers. It's unknown what goes on afterward.	
50	Ladibus		It lures in male Pokemon and humans with a seductive dance. Those who are lured in almost never return.	
51	Snurkey		It's very proud of itself. This can lead it to overestimate its own ability in battle from time to time.	
52	Meatyan		It hides under rocks in deep caves. It's meat-like appearance puts it risks of being chomped on by Pokemon like Sableye and Gabite.	
53	Charstoter		These are the result of Meatyan that venture deeper into caves. They receive a build up of actual rock that makes it look grilled/charred, but it's there for better protection.	
54	Snorkreek		It lives near ponds and lakes where it favorite food lives. It can use it's nose as a snorkeling device in shallower water, or even use it to launch Water Gun attacks.	
55	Chargeleon		Chargeleon touch heads to greet one another. Depending on the voltage it can tell exactly how another are feeling.	
56	Volizar		It's very aggressive. Instead of lying and waiting for prey, Volizar launch jolts of electricity to down them instantly. The more electricity it has, the more saturated it's color.	
57	Fresgnome		Fresgnome are active at night, wandering the streets of urban areas. They're activity peaks at dawn before becoming inactive.	
58	Roamoni		It lurks on the outskirts of cities. It performs supernatural deeds in exchange for things it wants.	
59	Rattata		Rattata in the Wescos region have lost they're niche in cities due to competition from Nuiscrat. So they have seeked refuge in huge underground chambers.	
60	Molarch		It lives in secret decorated chambers deep underground. It commands a horde of Ratatta using pheromones.	
61	Cricketiller		Cricketiller uses it's sharp claws to dig through the earth at a fast pace. Some are even used on construction sites.	
62	Titunnel		It can tunnel for days at high speed without tiring. It can dig all the way to China in just a few hours.	
63	Speepers		It uses the giant eye-like markings to intimidate foes. If this doesn't work however, it sprays a blast of webs in it's attackers face.	
64	Ogreac		Despite it's fearsome appearnce, it's rather docile. It uses it's webs to slow down and catch prey. But it's adivse to never anger it.	
65	Shroomish		When in danger is expells a burst of spores that burn on contact. It lives in humid forested areas.	
66	Firamboom		Firamboom live for the thrill of battle. They are often used in war in place of humans, but they lack strategic thinking.	
67	Novallion		Long ago they were kept as pets by royalty. But as of late the wild population has started to dwindle.	
68	Filthiwog		It lives in sewage and unkept environments. One touch from this Pokemon can make even the healthiest person or Pokemon sick.	
69	Jannibian		It has an obssession with making things clean. The acid from it's mouth can be either corrosive or harmless depending on it's mood.	
70	Bellsprout		Bellsprout in Wescos have lost most locomotion. But when prey are close it can spit a powerful acid.	
71	Weepinbell		Weepingbell in Wescos can hang from trees. It spreads it's leaves to absorb extra sunlight.	
72	Lilogia		It attracts prey by producing a sweet scent from it's vine-like tongue. When prey are close it ensnares or slices them.	
73	Gobfin		It lives in caves near the oceans edge. They are known to bully beach goers for food.	
74	Gobdevour		It has a huge appetite and is very brash. Some trainers find it really difficult to care for.	
75	Dyce		Its icy body is very fragile. Inside is a stored psychic energy that's hard to control. It can be used to cool drinks.	
76	Dychic		Flipping it on either side runs the risks of getting white-out blizzards or flash freezes. Outcomes are never really consistent however.	
77	Boltumble		It stays on mountain tops so it can have a better view of potential prey from above. Once spotted it bolts down the mountain side.	
78	Terramoth		Terrathan blend in well with mountainous environments. It lies and waits with it mouth gapped open for prey to wander in before slamming its jaws shut.	
79	Girafarig		Girafarig in Wescos have a taste for electricity. They can use this electricity to speed up it's thinking and to cover it's body.	
80	Towot		It lives in areas devoid of trees. It can predict where lightning strikes will land so it can absorb them.	
81	Heikess		It feeds on the life force of anything near it. It's some times found in museums.	
82	Heikenrai		It lurks in metal scrap yards. Some think it houses the soul of a fallen soldier.	
83	Spliseal		It keeps an ore filled with a mysterious crystal. The crytal is said to contain a secret power.	
84	Balleo		Balleo have managed to wether away the rock covering the crytal. It can use this orb to increase it's power.	
85	Hydrarcane		The dragon energy in the crystal surges through it's body. It can control the ocen on a whim, even summoning tidal waves to batter the coasts.	
86	Miltank		Wescos Miltank are considered scared in certain parts of the world. Anyone that drinks it's milk can better achieve enlightenment.	
87	Hoyju		It loves showing affection even in the most inappropraite of times. Hugging it makes one feel better.	
88	Kuritkai		It loves positive emotions and belly rubs. Rubbing its belly before any occassion is said to cause good luck.	
89	Inspero		Inspero are very easily influenced by the company it keeps around. It loves sparring with friends from time to time.	
90	Luknight		Luknight relies on it's tactical and intellectual prowess to best foes in combat. It's very active at night.	
91	Solsavior		With it's incredible solar fueled powers it perform impossible feats of physical ability and even fly at liminal speeds. It can overpowered several Machamp with ease.	
92	Amadawn		It's physical capability is similar to that of Solsavior. With it's magical gear and willpower it's almost unparalleled.	
93	Zabelle Small		Known as the embodiment of natures beauty, it seeks to protect that beauty. It has a corrupted side however.	
F	Zabelle Mid		Known as the embodiment of natures beauty, it seeks to protect that beauty. It has a corrupted side however.	
F	Zabelle Final		Known as the embodiment of natures beauty, it seeks to protect that beauty. It has a corrupted side however.	
F	Zabelle Form		Known as the embodiment of natures beauty, it seeks to protect that beauty. It has a corrupted side however.	
94	Zahairuler		It was the supreme monarch of the land before most life forms existed. It was brought down by an ancient power. Some say it's pride was it's downfall.	
95	Tsunadus		Tsunadus extends a sacred sword from its tail, causing server damage. It can summon rainstorms that can drown a countryside.
